NEW DEVELOPMENTS IN CASE.

New indictments make it practically impossible for Mrs. Chadwick to give bail.

Woman's health improves. She had a long conference in prison today with her lawyers.

Mrs. Chadwick has been indicted at Cleveland on two charges, one of forgery, and the other of issuing forged notes.

Prosecutor Keeler continues the session of the grand jury at Cleveland, intimating that others may be indicted.

Andrew Carnegie is too ill to obey the summons to appear before the federal grand jury.

Iri Reynolds tells how he was caught.

Dr. Chadwick in Paris expresses his sympathy for the Cleveland banker.

Mrs. Chadwick's known debts \$1,190,000; known assets, \$1,300.

New York, Dec. 12.—Mrs. Cassie L. Chadwick's lawyers, Carpenter and Powers, were visitors at the Tombs this morning, having come there at the urgent request of Mrs. Chadwick. They are still closeted with her in the female department of the prison. Shortly after the arrival of the lawyers, Frieda Swanson, Mrs. Chadwick's maid, visited the prison and sent up a message to her mistress, inclosing a telegram. She only waited a few minutes when answer came back from Mrs. Chadwick and the maid left.

Mrs. Chadwick, according to the prison caterer, was up bright and early this morning, and, for her, ate a hearty breakfast.

It can be stated that Mrs. Chadwick has given up for the present, the fight for bail. This was practically admitted this morning by Philip Carpenter, one of her attorneys. He had learned that the state of Ohio had found two indictments against her and this fixed his opinion. In answer to a question regarding bail Mr. Carpenter said:

"From the fact that the state authorities would rearrest her even if she got out on bail it would seem useless to give bail now on the federal charge, for upon being arrested again she would be compelled to give additional bail and so on until the amount would be too great for her."

"Will Mrs. Chadwick go back to Cleveland?" Carpenter was asked.

"I do not know."

"But if she does return she will have to go in custody, will she not?"

"Yes, for the new charges have practically made it impossible to obtain bail."

Cleveland, O., Dec. 13.—The grand jury resumed its session at 9:50 a. m., Prosecutor Keeler announcing the hope of securing indictments against other persons who have connection with the Chadwick case. Summonses were issued for Iri Reynolds, secretary of the Wade Park bank, who is expected to tell of the vast amount of securities on which Mrs. Chadwick is said to have managed to obtain her many loans. A subpoena was also issued for H. W. Bell, a receiver of Mrs. Chadwick's property, who was appointed by the state court under the action of Banker Newton of Boston, plaintiff in a suit for a large sum against Mrs. Chadwick. Both will be commanded to bring before the jurors all the securities in their possession bearing the signature of Andrew Carnegie.

Mrs. Cassie Chadwick was twice in-

he would settle all her indebtedness." Repeated attempts on Mr. Reynolds' part to close up the deal with Mrs. Chadwick met with excuse and delay. He confidently believed everything would be paid up to a week ago, and had no suspicion of anything wrong until a few days before Mr. Newton brought his suit.

Mr. Reynolds was asked if he knew of Mrs. Chadwick's ever having diamonds, and replied that he had seen diamonds that had been pledged in New York, and were inventoried at \$98,000. He had also seen them at the house. They were contained in trays in a box, and Mr. Reynolds caused a ripple of laughter in the courtroom when he said: "They were as nice and pretty a lot of pearls and diamonds as you ever saw." He did not know, however, where they were now.

The witness was asked how much his personal loans to her amounted to, and he said, in a voice trembling with emotion: "Please excuse me from answering that. I'm willing to tell what I know of this affair, but I'm going to stay right here in Cleveland. I'm not going to run away. I'm going to stay here and take my medicine. I want to see the other depts paid."

As to the value of Mrs. Chadwick's household fittings, Mr. Reynolds thought they might be worth about \$200,000. He said he took a chattel mortgage about two years ago, but had never recorded it. This concluded the examination.

TO SAIL FOR HOME

Dr. Chadwick Discusses His Wife's Affairs and Expressed Sympathy for Reynolds.

Paris, Dec. 13.—Dr. Leroy S. Chadwick of Cleveland, O., whose wife, Cassie L. Chadwick, is held a prisoner in New York, has been living here quietly for some time, occupying quarters in a hotel in the center of Paris. He has not the appearance of a person accustomed to affluent surroundings. He reiterated his desire to avoid attracting attention, mainly on account of his daughter, a prepossessing girl of 19 by his former wife, and who is accompanying him. Dr. Chadwick said: "There is no truth in the report that Mrs. Chadwick settled a large sum on me. Do I look like a man of millions?" The doctor denied having any knowledge that his wife was Lydia Devere. Questioned upon the financial aspects of his wife's affairs, he replied: "The financial matters in the case do not affect me in the slightest. They speak of bonds being found. I would like to know what these bonds and papers look like. Although I have not yet taken any definite steps concerning sailing, I intend leaving Paris for the United States in a week or ten days." Dr. Chadwick expressed sympathy for Iri Reynolds of Cleveland.

TO CLEVELAND

Mrs. Chadwick May Return From New York in the Custody of Detectives.

New York, Dec. 13.—Mrs. Cassie L. Chadwick was overwhelmed by the developments of her case in Cleveland, and the statement was made by one close to her that she probably would give up the fight here and return to Cleveland Tuesday night in the custody of United States officers. She did not anticipate the double indictment which was found against her by the Cuyahoga county grand jury after the failure of the Lorain county grand jury to find probable cause of action. Mrs. Chadwick is of the opinion that if she must face these charges she will be far better off in her home city of Cleveland than in New York. It is known that her counsel have strongly advised against this course of action, but Mrs. Chadwick insists that she be given free rein.

ANDREW CARNEGIE

Is Too Ill to Travel to Cleveland To Testify Before the Federal Grand Jury.

New York, Dec. 13.—It was said at the residence of Andrew Carnegie that he would be unable to go to Cleveland to testify in the Chadwick case owing to illness. Mr. Carnegie is indisposed with an attack of lumbago, and his physician is of the opinion that it will not be advisable for Mr. Carnegie to take the trip. One of Mr. Carnegie's secretaries said that satisfactory arrangements have been made to that end with the United States district attorney, H. L. Burnett.

Oberlin Students Embarrassed.

Oberlin, O., Dec. 13.—So many students of Oberlin college have been embarrassed by the failure of the Citizens' National bank of this city that the faculty has sent a request to Receiver Lyons of the bank to do all in his power to relieve them. The receiver has promised to do so. About 75 students had an aggregate of \$25,000 in the bank at the time it closed.

THREE WITNESSES

Examined in Smoot Case at Washington

A CHURCH OFFICIAL TESTIFIES

With Dead Persons Marriages Performed Among Mormons--Inside Church Policy.

Washington, Dec. 13.—At the Smoot hearing this morning the blood-curdling oath taken by candidates in the "Endowment House," were for the first time officially revealed. The witness was B. H. Wallis, a former Mormon, who had gone through the ceremony.

He stated that he was a native of London, joined the Mormon church here in 1851, and came to America in May, 1890, and to Salt Lake two years later. He had had three wives but only one at a time. He denied emphatically that he was a believer in celestial marriages, but admitted that he was four times married in the temple to dead women, and was "sealed" to his present wife for time and eternity. At other times he stood as substitute for dead men married to living women. He supposed that he had "been through the temple" at least twenty times "taking the endowment." The ceremony was identical in each case, occupying at least two hours and "taking the endowment," always preceded marriage to either the living or dead. As he and his wife wished to be married for time and all eternity, they took the endowment in 1895, although previously married in London.

Attorney Taylor then questioned Mr. Wallis, as to the ceremony of the endowment home. The witness rose in his chair and said that the first "Auronic oath" was that the witness swore that should he divulge its secrets he consented to have his throat cut from ear to ear, and his tongue torn from its roots; the second was "that his breast be cut asunder, and his vitals torn out;" the third "that his body be torn asunder and his bowels gushed out."

Each of these oaths, as the witness spoke them, was accompanied by suggestive gestures which were a part of the ceremony. He said that other oaths bound the participants to give all their substance to the church and to observe chastity. One was an oath of vengeance, which he gave out as follows:

"I solemnly swear never to cease to importune high heaven to avenge the blood of the prophets upon the nations of the earth." (Then followed quotations from Revelations, sixth chapter, ninth verse.)

Wallis said that about seven or eight months ago he served formal notice on his bishop, George R. Emery, of his severance from the church. He also talked to C. M. Owen, who prepared the case against Senator Smoot. He was a shoemaker to Owen, and as he felt himself aggrieved at the church he told his employer his troubles.

On cross-examination the witness said he took the endowment vows as a sort of vaudeville performance—a huge joke. He regarded them as having no solemnity, and alleged that others also took them as a joke.

Washington, Dec. 13.—Three witnesses were heard in the case of Senator Reed Smoot before the senate committee on privileges and elections. The committee resumed its investigations after a long recess. The first witness was the Rev. J. M. Buckley, editor of the Christian Advocate of New York, who told of a Mormon meeting he attended in Salt Lake City last summer in which President Joseph Smith declared he would not give up his plural wives. George Reynolds, a high official of the church, testified in regard to ceremonies that have taken place in the endowment house and concerning ecclesiastical divorces granted by the church, and John Henry Hamlin told of the plural marriage of his sister, Lillian Hamlin, to Apostle Abram Cannon, which ceremony, he said, he understood to have been performed by President Smith since the manifesto of 1890.

In answer to questions by Senator Overman, Mr. Reynolds said marriages were performed with dead persons in the endowment house.

Mr. Taylor then asked if divorces were granted in the endowment house. "The church grants divorces to the couple who have been married for time and eternity, but does not divorce legal marriages until the courts have acted," said Mr. Reynolds. "Plural marriages are not recognized by courts, and therefore the church does not consult the court in granting divorces in cases of such marriages."

Senator Foraker asked if such divorces were granted from dead persons. "In a few instances only, I should say," said the witness.

NEGRO QUESTION

Arouses the Governor of Mississippi--Extract From Speech at Cotton Carnival.

Jackson, Miss., Dec. 13.—Governor Vardaman made the opening speech at the cotton and corn carnival. In touching on the attitude that southern representatives should assume in their fight against the reduction of the southern representation, the governor said: "And instead of going to the congress of the United States and saying that there is no distinction made in Mississippi because of color or previous condition of servitude, tell the truth and say this: 'We tried for many years to live in Mississippi and share sovereignty and dominion with the negro, and we saw our institutions crumbling; we saw the civilization that our forefathers had fought for passing away, and the law of self-preservation being the first law, we observed it. We rose in the majesty and highest type of Anglo-Saxon manhood and took the reins of government out of the hands of the carpetbagger and negro, and help us God, from now on we will never share any sovereignty or dominion with him again.'"

FIVE TIMES

Has This Twenty Year Old Boy Been Accidentally Shot.

Oakland, Me., Dec. 13.—Arthur Sawtelle, for the fifth time in his life of 20 years, was accidentally shot yesterday. He was engaged in cleaning revolvers, when his companion picked up one and playfully pointed it at him, pulled the trigger. The bullet entered Sawtelle's head, just back of the left temple. His condition is not considered necessarily fatal. He lost an arm by the accidental discharge of a shotgun, and has been shot in the side, in the leg and twice in the head by revolvers.

NAN PATTERSON

Appeared in Good Spirits in Court Today

YOUNG SHOT LEFT TO RIGHT

Skin from Dead Man's Hand to be Chemically Examined--Skeleton Again Produced.

New York, Dec. 13.—When Nan Patterson came into court this morning where she is being tried for the murder of her lover, Caesar Young, her cheeks were rosy red and she was flushed with pleasure. On her way over from the Tombs the "Florodora" girl asked the officer if she might not have a handful of snow. He reached out of a window and gave his charge a snowball, which she rubbed vigorously on her cheeks until they were flushed with blood. The young woman was in good spirits again this morning. She smiled frequently and talked much with her father and counsel.

At the request of the defense today pieces of skin from the hand of Caesar Young on which were powder marks will be chemically examined. Dr. Phelps today testified that Young was shot from left to right, and that the revolver was held not more than three inches from the body.

New York, Dec. 13.—A headless human skeleton, dorsal vertebrae and ribs, played an important part in the trial of Nan Patterson for the murder of Caesar Young. The gruesome exhibits were made use of in the examination of Dr. Philip O'Hanlon, the coroner's physician, who performed the autopsy on Young's body. Miss Patterson's counsel protested at the use of the skeleton, asserting that it did not compare correctly with the structure of the dead man's body, but his objections were overruled. The skeleton was used to decide the course of the bullet after it entered Young's body. The prosecution contended that it had gone straight to the spine, which the state lawyers believed proved that Young did not kill him self.

ASSAULT

Is Made Upon Rev. Mr. Mitchell.

Former Licking Co. Man Whitecapped

Hearing of Case Postponed at Marysville, Ohio

HUSBAND LED WHITECAPPERS

Minister Had Man Arrested--Mrs. Mitchell Had Taken Social.

The Rev. Amos Mitchell, formerly of Johnstown, this county, and who, it is said, formerly preached at Eden, whose present residence is given as Pleasantville, Fairfield county, was the central figure in a rather exciting affair at Magnetic Springs, a health resort in the northern part of Union county.

Rev. Mr. Mitchell, who is a man about 50 years of age, with a wife and adopted daughter, had been stopping at the springs taking treatment for rheumatism.

Mr. Mitchell has been boarding in the home of Edward Gallant, who has a wife and several children. It is charged that Rev. Mr. Mitchell has been very attentive to Gallant's wife on a number of occasions. Gallant, it is said, took the minister to task, but it seems that this did not help matters. It is said that Mr. Gallant went home Monday night and found the door locked and that he then went down town and returned with about 18 men, who entered the house and put a rop around Rev. Mr. Mitchell's neck, dragged him from the house and horribly whitecapped him. His face was disfigured and he was badly kicked in the sides. After he had been almost killed he prayed to be released from the clutches of the mob.

Rev. Mr. Mitchell swore out a warrant in Justice Turner's court in Marysville, charging Gallant with rioting. The warrant was placed in the hands of Deputy Sheriff Haines and Gallant was taken to Marysville and placed in the county jail. Several other arrests will likely follow. The case is in the hands of Prosecuting Attorney James E. Robinson, who will endeavor to bring all the rioters to justice.

The affair has created a big sensation in Union county. Rev. Mr. Mitchell has preached several times in Magnetic Springs since his sojourn there. He denies the charge that there was anything wrong.

It is said that those who participated in the whitecapping of Rev. Mr. Mitchell are prominent citizens of Magnetic Springs and vicinity. Gallant is a hard-working man. His wife is highly respected and stands well in the community.

The following special telegram was received Tuesday afternoon from the Advocate's correspondent at Marysville, Ohio:

The hearing of Edward Gallant was today postponed indefinitely until the prosecution can secure further evidence. Rev. Charles Mitchell is formerly from Johnstown, Licking county, and has a wife and children living there but Mr. Mitchell has not lived with them for some time. Mr. Mitchell is the regular preacher at the Magnetic Springs Christian Union church. The assault was made on Mitchell after he had returned from a church social to which place he had taken Mrs. Gallant.

AT NEWTON, IOWA

Miss Ruth Hilbrant, Daughter of Mr.
and Mrs. H. H. Hilbrant of This
County Was Married.

One of the happiest occasions of
Thanksgiving Day in Newton, Iowa,
was the joining in marriage of two of
Newton's best young people, Miss Ruth
Hilbrant and Mr. Walter Foster Brown.
The bride is a winsome, capable young
woman, sister of the wife of Rev. C.
F. Lusk, and a successful Jasper county
school teacher for several years
past, and the groom is an upright, in-
dustrious young man in the employ of
Taylor-Newell company. Both are
most worthy Christian young people,
members of the Baptist church.

The wedding took place at half-past
four o'clock at their own home, the
ceremony being performed by Rev.
Mr. Lusk. They were married under a
dainty canopy of lace from which sus-
pended a wedding bell of pure white.
The fair bride was becomingly attired
in a white dress of India linen, trimmed
with lace and ribbon. She carried a
bunch of white chrysanthemums. The
wedding march was played by Mrs.
Grace Ogg on the organ and Mr. Ed
Walter on the violin. Sixty relative
and friends were present. After con-
gratulations, the guests repaired to the
home of the groom's parents, near by
where a bountiful three course dinner
was served. After supper, the company
spent some time at the cottage of the
bride and groom, enjoying music and a
general good time. And so it is Mr.
and Mrs. W. F. Brown now, and they
are cozily domiciled on East Plum
street, "at home" to all their friends.

Among the out of town guests present
were, Nellie Rule, Bertina Turner
hall and Mrs. J. H. Schlaub of Grinnell,
Iowa and Mrs. O. G. Turner of Turner.
Mable Rice and J. B. Holtz of Des
Moines; Mrs. A. M. Churchill and Miss
Ruth Booth of Cedar Rapids; and Mr.
and Mrs. C. F. Lusk and family of Cum-
berland. The bride's parents, who re-
side in Ohio were unable to be her.

The foregoing notice is taken from the
Newton, Iowa, Journal. The bride is
the youngest daughter of Mr. and
Mrs. Henry H. Hilbrant, R. F. D. No.
2, Newark, and has many friends in
Licking county.

ONLY TWO INCHES

Width of a Lot Just Sold in the City
of New York—The Price Not
Named.

New York, Dec. 13.—Thomas Capek
& Co., real estate brokers, have just
sold for Thomas McMahon to Edward
W. Bull, a lot on Avenue A, 55.4 feet
north of Seventy-second street, the lot
being two inches in width by 94 feet
in depth, making one of the smallest
strips ever singly sold in the borough
of Manhattan.

Mr. McMahon has held this ribbon of
land for 20 years, receiving a deed for
it from the Jones-Schmerhorn estate
which in turn received the land by an
English grant many years ago. The
strip, which does not appear on the tax-
receivers' records, has, because of its
size, always escaped taxation and is
supposed to have been caused by an
error in surveying.

Mr. Bull, the purchaser, has, it is
said, already sold the strip for a small
profit to a man who technically wishes
to be the owner of real estate in the
borough of Manhattan and who is not
particular as to the quantity he gets.

had under consideration the pure food
and Philippine government bills. De-
bate on the former was confined to
calling attention to the inadequacy of
the protection accorded the people of
the United States against impure
foods and drugs. The discussion of
the Philippine bill related solely to the
question of the guarantee by the Phil-
ippine government of the income or
interest on bonds of railroads in those
islands. Mr. Spooner (Wis.) leading in
the discussion. The suggestion was
made by Mr. Newlands (Nev.) that
the federal government should con-
struct the system of railroads pro-
posed.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now
Facts of Science.

It is the rarest thing in the world for
a man to be necessarily bald. No man
whose hair is not dead at the roots, need
be bald if he will use Newbro's Herpi-
cide, the new scalp antiseptic. Herpi-
cide destroys the germ that cuts the hair
off at the root; and cleans the scalp of
dandruff and leaves it in a perfectly
healthy condition. Mr. Mannett, in the
Maryland Block, Butte, Mont., was en-
tirely bald. In less than a month Herpi-
cide had removed the enemies of hair
growth, and nature did its work by cov-
ering his head with thick hair an inch
long, and in six weeks he had a normal
suit of hair. Sold by leading druggists.

SCHOOL GIRL

Summoned from the Classroom, and She Promptly Admitted the Marriage.

Goshen, Ind., Dec. 13.—Miss S. McKinney, aged 21, who recently came to Wakarusa, this county, to assume charge of the Model Hotel, was secretly wedded a month ago in Bremen to Miss Myrtle Welty, a 16 year old school girl, and daughter of a Wakarusa merchant, whose first knowledge of the marriage came when he read of it in the newspapers, the secret having been let out by Rev. L. H. Oyler, the Bremen pastor who performed the ceremony.

Miss Welty was summoned from her studies in the school, and confessed the marriage when pressed for an explanation.

McKinney came from Bourbon, Ind. He declares he fell desperately in love with the girl, and, fearing he might lose her, decided to marry her at once the plan being to announce the event about two years hence.

Miss Welty's parents aim to dissolve the union if possible.

HOW TO GAIN FLESH

The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh.

Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

One of the inducements offered in order to substitute something else for Scott's Emulsion is the matter of cost. You save a few cents at the expense of your health. Scott's Emulsion costs more because it does more and does it better than the substitutes.

We'll send you a sample free upon request.

ON STOCK EXCHANGE

Excitement Reigns Again Today, But Rally Came—One Failure This Morning.

New York, Dec. 13.—Excitement reigned again on the floor of the stock exchange this morning. The highly nervous state of speculation was depicted by a flood of selling orders and values tumbled all along the line. For a time it looked as if the market was going to repeat the sensational scenes of the last few days. The action of Amalgamated Copper was watched with interest. It proved to be the strongest stock in the list, opening from 1-8 to 1 point higher. This turned the market and stocks rallied.

At 11 o'clock the strength of the market was maintained and the opinion took root that the greater part of the liquidation of weak interests was over.

The failure of S. J. Callahan was announced on the stock exchange this morning.

THE SICK.

There does not seem to be any change in the condition of Mr. August Wehrle from that of Monday. He remains practically the same and his condition is critical.

It is not definitely known whether Mrs. Wehrle and her daughter, mother and sister of the sick man, have as yet started for home from Italy.

The infant children of Messrs. Ernest T. Johnson and Harry Swisher are no better, and in fact, Mr. Johnson's baby is worse.

Miss Nellie Grubbs, who has been suffering with a severe attack of tonsillitis and a bad cold, at her home on South Sixth street for some days, is but slightly improved.

Mrs. A. J. Sandford has been very sick with bronchitis.

Harold, the 6-year-old son of Mr. and Mrs. O. H. Maxham, is quite ill with pneumonia, at his home on Wing street.

EXPLANATION TO THE PUBLIC.

The old family apothecaries, Carleton and Hovey of Lowell, Mass., established in 1827 have in their possession the old prescription book in which is filed the prescription for Father John's Medicine, as written by the eminent specialist who prescribed it for the late Father John O'Brien of Lowell by whom it was recommended to the friends and parishioners, and from whom it derives its name—and was advertised with his knowledge and approval. It is not a patent medicine and it is free from morphine, opium or other poisonous drugs. The money is refunded for any bronchitis, trouble, cough or cold it does not cure. It makes strength and prevents pneumonia—invaluable as a tonic and body builder for weak and run-down systems. Not a new medicine—50 years in use. If your druggist does not have it he can get it for you. The \$1 bottles contain three times the quantity of the 50-cent size. It is guaranteed and the money is refunded if it does not do all that is claimed for it.

RIOTOUS SCENE

At Opening of Hungarian Chamber-Troops Held in Readiness.

Vienna, Dec. 13.—Sensational scenes occurred at the opening of the Hungarian chamber today. The opposition was determined to prevent the sitting and entered the house in overwhelming numbers seized Premier Tisza's famous guard of forty, flung them out and then attacked the president's tribune. The tribune was smashed, and the ministers seats were heaped together as though in readiness for a bonfire. A sitting at present is impossible.

Premier Tisza announced there would be no sitting today. He declares he will wait two days.

A mob gathered outside the chambers, waiting to stone the government supporters. Troops in neighboring barracks have been given ball cartridges and are held in readiness.

ZION CITY DEBT

HAS BEEN PAID IN FULL BY JOHN ALEXANDER DOWIE.

Elijah Kept His Agreement to the Letter and Paid One Hundred Cents On the Dollar.

Chicago, Dec. 12.—Zion City has paid the final installment on the big debt which, a year ago, involved it in sensational bankruptcy proceedings and threatened to wreck the gigantic enterprise established by John Alexander Dowie.

Checks were sent out yesterday by Deacon C. J. Bernard, head of the financial department of Zion in payment for the final 40 per cent, approximately \$1,000,000, of the original indebtedness of more than \$400,000.

The payment brings to a conclusion one of the most remarkable cases of bankruptcy in the annals of the country.

John Alexander Dowie was prepar-

ing for the departure, on January 1, for Australia and the continent. The creditors numbered 1100, and the aggregate amount of their claims footed up \$175,000.

Judge Kohlsaat appointed receivers, and they took charge of Zion. Dowie protested that he could pay the debt in a year if the receivers were removed and the creditors agreed.

Dowie has kept his agreement to the letter and paid 100 cents on the dollar of every claim involved.

LEFT PENNILESS

WAS HELPMET WHO NURSED HIM WHILE ILL.

Gave All His Property to First Wife, Whom He Deserted Ten Long Years Ago.

Marion, Ind., Dec. 12.—James Blain, a business man of this city, died Saturday, after an illness of several weeks with typhoid fever. Before his death he sent for Field W. Swezey, an attorney, who is also mayor of Marion. To Swezey he made a confession which was not to be made public until after his death.

He said he had deserted his wife and daughter in Pierceton, Ind., 10 years ago, that the wife and daughter mourned him as dead. He said he married Emma Hull, of Ft. Wayne, two years after deserting his wife. He requested that his first wife be notified of his death and that his body be shipped to Pierceton for burial. When he died his former wife was notified and her uncle came to Marion, claimed the body and took it to Pierceton yesterday.

Mrs. Blain No. 2 when seen at her home on South Adams street, and asked about the affair, said: "I met Blain in Ft. Wayne in 1894. We were married in 1896. He told me of his former marriage, but said he had been divorced. He said he had a daughter and that he was contributing to her support, but always refused to tell me where his former wife and daughter lived. He told me he had an account in White's bank in Ft. Wayne, and that the money for his daughter's support was sent from the bank to the daughter and that she had no knowledge of who sent it. He also told me that he had a life insurance which was to be paid to me at his death, and that he had made a will in my favor. I was so stunned when told of his confession to Attorney Swezey, following the stock of his death, that I could not realize that it was true and not a horrible dream. His relatives came to my house, removed the body and I did not even get to attend the funeral services."

"I telephoned to White's bank in Ft. Wayne and asked if there was any funds, a will or life insurance papers there for me. I was told that there was nothing for me. I understand that the property in which we lived, the furniture and the house and his business in Marion does not belong to me, but everything was deeded to his former wife and daughter whom he deserted 10 years ago."

OLD LAW

Against Duels Revived to Keep Kansas Superintendent-Elect of Schools From Office.

Topeka, Kan., Dec. 12.—As a result of his acceptance of a challenge to fight a duel, J. L. Dayhoff, may lose the position as state superintendent of schools, to which he was elected last month. The state constitution provides that every person who gives or accepts a challenge to fight a duel shall be ineligible to any office of trust or profit.

Dayhoff in 1889 became involved in a quarrel with a man named Dickinson. Dayhoff said, "Dickinson challenged me—and I accepted. A man named Darnell, of whom I have lost track, was my second. We went to the appointed place, but Dickinson did not appear. I do not think my action made me unfit for public trust, and I will not give up the office I have won without a fight."

Dayhoff's enemies propose to prevent his inauguration by filing a petition in the district court setting forth the facts and praying an order restraining all officers from administering the oath to Dayhoff.

AN AGED WOMAN

Stowaway Sixty-Five Years Old and Deceitful Beats Her Way Here From France.

New York, Dec. 12.—A woman stowaway is rare on the trans-Atlantic line, but one was discovered on La Lorraine, which has arrived here. The woman Marie Jeanne Caroff of Bretagne, is 65 years old and decrepit. According to the officers of the steamship she boarded La Lorraine at Havre and hiding herself in the steerage, was not discovered until the steamship was a day out on her way to this port.

Owing to her age and infirmities she was not obliged to work her passage, but was fed and cared for by the officers of the ship. She wanted to go here to reach her nephew, who lives near Scranton and who in frequent letters has asked her to live with him. She started without waiting for money. She is held at Ellis Island. A hearing will be held on her case early in the week.

AMUSEMENTS

Tickets for the Howard-Dorset, Wednesday matinee, are now on sale at the Auditorium box office. Adults 20 cents, and children 10 cents, to all parts of the house. All seats reserved.

The popular Howard-Dorset company has achieved a reputation for making most finished representations of the plays that it produces, and the high standard which it sets with several of the plays has stamped the company as being one of the most popular repertoire organizations now on the road. The opening bill last night was "The Plunger," a comedy drama of merit, and with George B. Howard in the leading comedy role. Special attention has been devoted this season to the spec-

talities, that are introduced between the acts, viz: Smith & Arado, in a funny singing and dancing act, which is a laugh from its beginning to the end. The DeVans' well-known acrobats, with their trick dog, perform some marvelous feats in tumbling.

TREASURER FINCH IS SHORT \$200

In Note Left His Employer He Admitted the Embezzlement of Bartenders Funds--Finch Has Left Newark For Parts Unknown.

Another man's sense of honorable obligation, and fidelity to trust, has probably been undermined by the terrible fascination of the gaming table and he is today a fugitive and self-confessed embezzler. The man is Amos Finch, treasurer of the Bartenders' association, and supposed to be the soul of honor and integrity by the members of the organization, as well as every other person who knew him. He had hosts of friends who would have trusted him with their last penny, and a genial personality drew to him many staunch admirers, who patronized the employer on account of the employee. This made him a valuable asset to Mr. William Carson, for whom he has worked for about four years, practically the length of time he has been in Newark. Mr. Carson conducts a saloon on East Main street, at No. 310.

Mr. Carson always trusted Finch with the running of the saloon, he himself being badly crippled. Finch was a strong advocate of the principles of unionism, and to his efforts in part is due the strength of the organization.

So prominent in the councils of the local was Finch, that he was a year ago made treasurer of the organization, entrusted with the handling of considerable money. This fact, coupled with an uncontrollable desire for gambling caused his downfall.

He was known as a good fellow, and was not considered a reckless player at cards.

When Mr. Carson went to the saloon Monday morning he found a note from Finch telling Carson that

he was going to leave as he was over \$200 short to the union.

There were \$15 in the register and the note continued:

"I will take \$2 of this money, but will end it back."

He had left Sunday night and all trace of his whereabouts is unknown.

The embezzling treasurer's shortage is a hard blow to the union and will probably cause a reorganization. The affair had not yet been reported to the police Tuesday morning.

Finch is a young man, about 25 years of age, and lived with his mother on East Main street.

The auditing committee is still at work on his books.

MORE MEN THAN WOMEN IN WORLD

The Proportion of Sexes in the United States is Set Forth in the Census Bureau.

Washington, Dec. 12.—There are several millions more men than women in the world. In the United States the excess of males over females is more than 1,500,000. These and many other interesting facts are set forth in a bulletin just published by the census bureau, which was prepared by Professor W. F. Willcox, of Cornell University. The bulletin shows:

In continental United States there are 1,678,321 more males than females, or about two in each 100 people.

American cities, as a rule, have more females than males. In the 1,561 cities, each having in 1900 at least 2,500 inhabitants, there were 2,415,950 females than males, and this notwithstanding the many western cities which contained more males than females and the enormous number of foreign-born in the country, five-ninths of them male and a large proportion of them living in the cities.

While the excess of 6,925 males in American cities in 1890 became an

excess of 210,559 females in American cities in 1900, the excess of 1,511,553 males in country districts in 1890 became an excess of 1,840,289 males in 1900.

Notwithstanding the great excess of males in the total population of the United States there are two periods of life at which the reported number of females is greater. One, extending from about 85 years of age to the end of life, is probably due mainly to the longer average life of women; the other, from 16 to 25, is probably apparent rather than real, and due mainly to the greater number of women who claim, erroneously, to belong to this age period.

In 1900 among the 13,357,147 persons attending school, 499 in each 1,000 were male and 501 female; in 1880, in the same class, 519 per 1,000 were male and 480 female.

The death rate of males in the registration area of the United States in 1900 was 19.0 per 1,000, and that of females 16.6 per 1,000, the former having a death rate higher by about one-seventh than the latter. In the 346 registration cities the death rate of males was 20.0 and that of females 17.2 per 1,000, the male rate exceeding the female by one-sixth. In the rest of the registration area the male death rate was 15.5 and that of female 15.0 per 1,000, the male rate exceeding the female by one-nineteenth.

An important business change has taken place in the dental practice in Newark. Dr. G. H. He will be succeeded by Dr. J. P. Shei, a practicing dentist of Zanesville, who comes well recommended. Dr. Woods does not announce his future plans, but his many friends will certainly hope that they will include his remaining in Newark, and that he may prosper in whatever business he may engage.

Xenia, O., Dec. 13.—In a collision on the Pennsylvania railroad at Spring Valley, O., between a special inspection train and a local freight, four persons were seriously hurt.

The injured are: Engineer William Woodall, Cincinnati; Fireman William Penn, Cincinnati; Engineer William Mills, Morrow, O.; Fireman Meyers, Morrow, O. A special inspection train collided with the freight train just as it was pulling out of the switch at Spring Valley. The officers of the special train were all badly jolted, but escaped serious injuries.

River Low, Coal Scarce. Cincinnati, O., Dec. 13.—The Ohio river at this point is now lower than in any December in 42 years, and according to Observer Bassler the conditions are not likely soon to improve, so that the coal situation is becoming daily more acute. Shortage of coal cars is said to be delaying shipments by rail, which would under any circumstances be insufficient to supply local demands, and several leading coal men expressed a fear that a coal famine was imminent. No coal has been received by river for several months, the usual November rise having failed to materialize this season. The early freezing of the river at upper points and the prospect of still lower water here have caused much apprehension among river men.

Struck a Broken Rail. Coshocton, O., Dec. 13.—Six people were injured in a wreck six miles north of here. A mixed local passenger train on the Pennsylvania railway struck a broken rail, the caboose rolling down the bank to the edge of the canal, where it caught fire from the stove and was entirely consumed. Ten men and four women were in the overturned car, but only six were injured. They were: Conductor W. J. Butler of Mansfield, O.; Flagman C. L. Swager of Mansfield, O.; Brakeman G. I. Sherman of Avondale, O.; Brakeman T. P. Kiley of Mansfield, O.; Miss Myrtle Bible of Coshocton, O., and Leonard Strickler of Warsaw, O.

Against Sunday Funerals. Cincinnati, O., Dec. 13.—The effort of union labor organizations to abolish the custom of Sunday funerals was formally indorsed by the Evangelical Alliance, representing the Protestant ministers of Cincinnati. The proposition came before the alliance in the shape of a communication from the cab drivers' union, in which it was declared that the object sought was to give about 400 cab drivers who now work on Sunday a day of rest and companionship with their families. Resolutions indorsing the proposition were at once adopted.

Department Store Burns. Pomeroy, O., Dec. 13.—W. A. Ellis & Co.'s department store at Racine, O., was completely destroyed by fire. It was the largest store in the county and carried a stock estimated at \$40,000. Only a small amount of goods was saved.

Fatally Mangled. Springfield, O., Dec. 13.—Charles Paul, single, of Dayton, was horribly mangled by the premature explosion of dynamite at a lime plant. A leg and arm were blown off and he will die. He accidentally struck a cap.

Col. Mitchell Dead. Columbus, O., Dec. 13.—Col. A. O. Mitchell died suddenly from heart disease last night at the home of his daughter, Mrs. C. L. Wilkins, 181 North Twenty-first street.

Nitroglycerine Explodes. Findlay, O., Dec. 13.—Six hundred quarts of nitroglycerine exploded in a magazine on a farm three miles east of this city last evening. Findlay was shaken to its foundations. There was not a pane of window glass left within a radius of a mile from the magazine. Although the nitroglycerine factory, containing a large amount of stock, was but three hundred feet away, it failed to explode. There was no loss of life.

THE IDEAL NERVE TONIC

The most successful means of feeding the brain and nerves is by the use of Dr. A. W. Chase's NERVE PILLS. The discovery of this great medicine marked an era in the treatment of nervous diseases and rendered it possible to cure many forms of nervous exhaustion and prostration which were formerly incurable.

The old system of deadening the nerves with opiates and sedatives has given way to the rational method of feeding them and so restoring their wasted tissues and Dr. A. W. Chase's Nerve Pills is the ideal treatment for all diseases which arise from an impoverished and enfeebled condition of the blood and nerves.

In this class can be mentioned not only nervous prostration, nervous exhaustion, partial paralysis and locomotor ataxia, but also a host of ailments such as nervous dyspepsia, nervous headache, sleeplessness, dizziness, and general bodily weakness, as well as the ailments peculiar to women.

Mr. Robert Dildine of No. 3 Ulster St., Waverly, N. Y., Says:

"Sometime ago I got a box of Dr. A. W. Chase's Nerve Pills, and when I say they have done me good. I can back up that statement by an increase in weight from 125 to 141 pounds in thirty days. When I began to take medicine I was all run down and it is a wonder I kept at work at all—could not sleep—appetite poor and when at work if I stooped over to pick up anything, I would be so dizzy that for a few moments I could hardly realize anything and frequently I had attacks of severe pain in the region of my heart. This condition had lasted for a long time and nothing I took ever gave more than temporary relief until I used Dr. A. W. Chase's Nerve Pills. They proved to be the true Nerve Force builder and it is as a result of their use alone that I today feel as well and sound as ever—no trouble of any kind, but hearty, strong and vigorous in every way."

Dr. A. W. Chase's Nerve Pills

Were never known to fail, if properly used, in any type of nervous troubles brought on by worry, fret, mental or physical over strain or excess of any kind. This is due to the fact that they cure by going straight to the root of the trouble and nourishing the weakened nerve centers from which all nervous energy come back into full life and vigor again. It is the ideal medicine for the weak and debilitated.

RAILWAY RUMBLES

FREIGHT AGENT KERR NOTICED IN ST. LOUIS JOURNAL.

Officers Elected by the B. & O. South Western—Local and General Railway News.

In the Railway Journal of St. Louis for month of December, R. R. Jester has the following to say about Mr. W. E. Kerr, Newark freight agent for the Baltimore & Ohio:

"If there is anyone who, I think, deserves credit for the multiple duties he has to perform and the very few thanks he gets for his services to the public, it is the railway agent. He always has his sincerest regards and best wishes. The subject of this sketch, Mr. W. E. Kerr, vice president of the National Association of Railway Agents, commenced life at Nevada, O., on January 2, 1862, when quite small, but full of enthusiasm and lofty aspirations. Up to 1878 he led a country life, then he started to work for the Pennsylvania railroad in the track department. He was soon misled and tempted into the field of journalism, which he no doubt has regretted ever since. His experience and better judgment got his ambition around in its normal condition when he quit that kind of a life and started to railroad again. Ever since 1884 Mr. Kerr has favored the Baltimore & Ohio with his faithful services, and he has won promotion after promotion till last August he was made local freight agent at Newark, O., being transferred from Mansfield, where he was agent for years. The fact that he has been a hard worker and an enthusiastic member of the National Association of Railway Agents, is evidence that he is made of the right kind of material and that his future is stamped with a big O. K. He is the author of a valuable system for filing correspondence, which is now used by many agents on the Baltimore & Ohio and other lines, and he also devised the Simplex Loading System for loading and transferring less than car load freight into cars, which has been recognized as the best system of its nature ever used. As a railroad man and an association worker, Mr. Kerr has few equals. Personally he is modest and congenial, and if I should say that he is handsome his ingraving modesty would prompt him to try to prove an alibi, but in this case he cannot do it. However as he is not responsible for his fine looks, I will not charge anything against him on that account. If anyone wishes to meet and learn more about one of the brightest railway agents in this country and one of the most able spirits in the railway fraternity, he should attend the next annual convention of the National Association of Railway Agents and shake hands with Vice President W. E. Kerr. You will find him right up to the standard of anything I can say about him."

B. & O. S. W. Election.

Cincinnati, O., Dec. 13.—The officers and directors of the B. & O. S. W. railroad were re-elected at the annual meeting in this city. The meeting of stockholders re-elected the directors as follows: E. R. Bacon of New York, W. M. Greene of Cincinnati, Arthur Hale of Baltimore, Otto H. Kahn of New York, Oscar G. Murray of Baltimore, James McCrea of Baltimore, H. Clay Pierce of St. Louis, Samuel Rea of Philadelphia and J. G. Schmidlapp of Cincinnati.

The following officers were elected: President, Oscar G. Murray; vice president, E. R. Bacon; vice president and general manager, Wm. M. Greene, secretary, George F. May; treasurer, J. V. McNeal. During their stay in the city the directors visited the various proposed sites for terminals for the different railroads centering here.

Western Pacific Assured.

New York, Dec. 13.—Arrangements for the definite extension of the Gould system from ocean to ocean have been completed and E. T. Jeffreys, president of the Denver and Rio Grande railway, has been elected vice president of the Western Pacific Railway company at a meeting of the directors of that road in this city. After the meeting President W. J. Bartlett of the Western Pacific stated that arrangements were being made to let immediate contracts for the construction of the Western Pacific road from Salt Lake City to San Francisco. With the completion of the Western Pacific Geo. J. Gould will have extended the railway system built up by his father from the Atlantic to the Pacific coast. The Colorado and Southern and the Colorado and Midland will use the Western Pacific as their outlet to the Pacific coast. The Western Pacific railway has a capital of \$50,000,000.

"MESSENGER"

"From the Lord," to Whom She Deeded a Business Block, is Sued by Octogenarian.

Mansfield, O., Dec. 13.—Sarah Ann Robertson, aged 83, who came to Shelby by last week from St. Louis, has sued D. D. Johnston, of Shelby, to have a deed to her brick business block in St. Louis, valued at \$7,500 set aside, claiming that the transfer was fraudulently secured.

The plaintiff alleges that Johnston came to St. Louis December 3, and said that the Lord had sent him as a special messenger to look after her affairs, that she should deed him her property, and he would take care of her the rest of her life. She deeded him the business block and signed a paper purporting to be a contract, but which turned out to be a will, she says. She claims that Johnston told her he had a home, but when they arrived at Shelby she found that he had no property. She now wants the deed set aside.

BIG PLANK FELL

FROM NEW WATER TOWER AT HEISEY FACTORY.

Striking Andrew Saum and Fracturing His Skull Tuesday Noon—Injury Very Serious.

Andrew Saum, of Lancaster, Ohio, was frightfully and perhaps fatally injured Tuesday about 11 o'clock at the A. H. Heisey & Company's East Newark table glass factory. Mr. Saum was here superintending the erection of a big water tank at the factory. He was standing below the tank while workmen were engaged about 50 feet above him in laying the heavy plank floor for the water tower. In some way one of the planks slipped and fell, striking Mr. Saum's head. The skull just back of the forehead was fractured by the edge of the plank, which hit him, and the man was buckled up unconscious. Drs. Downs and Barnes found that a hole about the size of a quarter of a dollar had been made in the skull. After treatment Mr. Saum was carried to Smith's hotel on Cedar street, where he is being cared for until his wife arrives from Lancaster. Tuesday afternoon Mr. Saum regained consciousness but the doctors are not prepared to predict the outcome of the injury.

TEMPLE OF JUSTICE

RACHEL B. BERRY PRAYS FOR A DIVORCE.

A Suit for Personal Injury—Mary Moore Sues W. M. Moore—Property Transfers.

Rachel Belle Berry by her attorney, E. S. Randolph, has filed a petition in the Common Pleas court wherein she asks that she be granted a decree of divorce from her husband James R. Berry. The parties to the suit were married on October 5, 1887 and Hattie Folsom, aged 16, and Walter Grover, aged 14 years, were the issue of said marriage. The plaintiff charges wilful absence of more than three years.

Suit for Damages. David W. Moore, by his attorney, B. F. McDonald, has commenced suit in the Common Pleas court against the Jewett Car company for \$5,000 damages. He says that on February 28, 1901, he was an employee of the defendant and was ordered to operate a grinding machine, and that while doing so the belt came off and it was necessary to replace the same. The plaintiff says that this was very difficult, because a pile of timber had been placed on the floor. The plaintiff says that while he was on a weak ladder replacing the belt the ladder broke, and he was thrown to the floor, driving his left knee cap more than two inches from its natural position and injuring his left leg, which has become permanently injured.

Mary Moore Sues Wm. Moore. Mary D. Moore by her attorneys Fulton & Fulton, has commenced suit in Common Pleas against Wm. M. Moore. She says that she sold to Wm. M. Moore about 1871 to Grace A. Townbridge's addition to Newark for \$2,900 and that as a part of the consideration Moore agreed to pay a mortgage which had been given by the plaintiff to Thomas Mayberry for \$1,000. Plaintiff says Moore failed to pay the mortgage, and that on February 23, 1895, Mayberry brought suit to foreclose the mortgage, and that the property was sold. She says that the property did not sell for enough money to pay off the mortgage lien of Mayberry, and that at the April term a personal judgment was entered against her and the defendant for \$332.21; that on April 26, 1904, a vendi expositio was issued in the clerk's office to the sheriff and that the defendant paid to Thomas Mayberry \$150 in full settlement of the judgment and that at the same time Thos. Mayberry, by his attorney, Carl Norpell, assigned to Wm. M. Moore the judgment. The plaintiff says that the judgment is alive and in full force and that Wm. M. Moore holds the same against her, and that it is a lien upon her property by reason of the defendant assuming and agreeing to pay the mortgage, and failing to do so that he has no valid judgment against the plaintiff. Plaintiff therefore asks the court to order the judgment cancelled and released and that he be compelled to pay the costs and attorney fees of this action and for whatever relief plaintiff is entitled to in law or equity.

J. E. Lamp vs. B. & O. R. R. Co., defendant given leave to file to the amended petition the answer to the former amended petition; leave given to reply. Norpell, Hunter, Kibler & Kibler.
